Parking

Staff Car Park permit.

To obtain a Staff Car Park permit you will need to register your vehicle details on the Permit Me system, using the QR code below or the website link.

To do this you will need your NHS email account and your line manager's name and email account. This will then allow you to park for free in any of the Staff car parks. It is your responsibility to register your vehicle and failure to do so could result in Parking Charge Notices being issued.

You must abide by the Parking regulations set out in the Trust Car Park Policy which can be found on the Trust intranet together with additional car park information.

<http://ulhintranet/car-parking---anpr>

If you do not have an NHS email or have not registered for staff car parking, on your first visit you will need to park in the Visitor car park and you will be allocated 2 'free to park' tickets for your first 2 days of working, which you will need to collect from Main Reception. At the end of your working day(s) you will need to visit a pay station, key in your vehicle registration and scan the ticket at time of payment.
